

## TRAIN JUMPS TRACK 5 KILLED, MANY HURT

Engine And 3 Cars Of Laborers Pile Up In Gulch  
On Hana Plantation --- Worst Disaster On Maui In Years

### DEAD

Tokushigi, locomotive fireman;  
Mural, cane cutter;  
Ah Sing, cane cutter;  
Filipino cane cutter (1);  
Filipino cane cutter (2);

### DYING

Nishiyama, locomotive engineer.

HANA, June 23, 11 a. m.:—Five are dead, one is dying, 27 others are badly hurt, while a dozen or more are suffering from minor injuries, as the result of a wreck on the railroad of the Kaeleku Sugar Company, which occurred at 4:30 o'clock yesterday afternoon.

A gang of between 40 and 50 Japanese, Filipino and Portuguese laborers, returning home from work in the Mokae section of the plantation beyond Hamao, were without a second's warning dumped into a struggling mangled, screaming mass of humanity upon the rocks at the bottom of Hamao gulch, when the engine left the rails in crossing the 25-foot trestle, and went over taking 3 cars with it. That more were not killed outright is the remarkable feature of the accident; but as it was scarcely a man escaped without injury.

Within a few minutes after the disaster occurred, a relief train was sent from the mill to the scene, and a force of volunteer helpers began the task of separating the wounded from the dead.

### Church Becomes Hospital

As the injured were removed, they were rushed to the Catholic church, which was thrown open as a hospital, and where Dr. Litchens with a force of volunteer assistants struggled for hours to relieve the suffering. This was in a measure accomplished before the power boat Makaiwa, from Kahului arrived at 2 o'clock this morning with Dr. Osmer of Wailuku, and a

badly needed supply of surgical supplies. After this assistance arrived all that could be done under the circumstances was finally accomplished. The injured men are suffering from all manner of hurts—fractured arms and legs, lacerations on all parts of heads and bodies, and internal injuries.

Practically all of the white women of Hana are enrolled as nurses for the injured. Fortunately a trained nurse from Honolulu—Miss Pollister—happened to be visiting at Nahu, at the time, and her services have been invaluable.

### Cause Unknown

What caused the engine to leave the rails is not known, but the accident could not have happened at a worse place. The fireman, Tokushigi, and the cane cutter Mural, were pinned beneath the wreckage and instantly crushed to death. The Chinaman and the two Filipinos died after being removed to the temporary hospital. Nishiyama, the engineer, who is believed to be fatally crushed and burned, has been running a locomotive for the company for 13 years and was known to be a reliable and careful driver.

### Investigation Being Made

Sheriff Clem Crowell and County Attorney Bevins, who arrived this morning, are investigating the accident. A coroner's inquest will be held this afternoon.

### Offers Of Aid

Proffers of any kind of assistance possible have been received by the plantation management from F. F. Baldwin of Punene, H. A. Baldwin of Pala, and H. B. Penhallow of Wailuku as well as from the Kahului Railroad company, but nothing more can be done at present than has been. Dr. Osmer left here about 9:30 o'clock this morning on his return to Wailuku.

## Pleads Guilty Of 2nd Degree Murder

Waikapu Slayer Saves Neck—Grand Jury Soon Pau—No Action In Ferreira Matter—Trial Jury Next Week

The grand jury, which convened for the June term of circuit court at Lahaina on Wednesday, finished its work the same day and was excused for the term. Three true bills were returned. During the session County Sheriff Clem Crowell was before the inquisitors. It is understood in connection with the irregularities which led to former Deputy Sheriff John Ferreira's alleged resignation. However, no other witnesses were examined in the matter and no indictment was returned.

The following charges were returned as true bills:

Narciso Tolarion, murder.

Juan Josafado, assault with a weapon.

M. Kammo, embezzlement.

In the case of Antonio Gilen, the

Filipino charged with subornation of

perjury in connection with the testimony

in the Tolarion murder case, no true bill was found.

Murderer Pleads Guilty

When arraigned for plea on Thursday morning, Tolarion, the Filipino murderer pleaded guilty to murder in the second degree. He will be sentenced next Monday. This is the case of the Filipino laborer who shot and instantly killed a fellow countryman on April 9, and wounded a Filipino woman, who was the occasion of the dispute which led to the killing. As the murder was practically unprovoked, according to witnesses, the murderer doubtless considers himself lucky to be allowed to plead guilty on lesser charge. The crime was committed in the Filipino camp at Waikapu.

Juan Josafado, Porto Rican, will make plea on Saturday to the charge of having chopped up a Mexican at Makawao, with a cane knife, as an incident to consuming a jug of wine.

M. Kammo, a collector for J. Onishi, of Kahului, and is charged with having failed to account for \$651.20 of his employer's money. He will plead later.

The trial of the criminal calendar will begin next Monday, at which time the petit jury has been summoned for. This jury is made up as follows:

**Grand Jury:**

Joe Ferreira, Joseph K. Emmesley, Aki Tom, Manuel Asue, John M. Medeiros, F. P. Rosencrans, Chas. K. Far-

den, M. T. Lyons, Frank W. Burns, Joseph Welch, J. J. Correll, E. J. Walsh, H. McCubbin, R. P. Hose, Geo. N. Steele, B. H. Thomas, W. L. Bar-

rus, F. G. Duart, Wm. L. Hardy, Geo. H. Dunn, Geo. H. Kauloku, Joseph Whiteford, E. H. Pieper, A. V. Marciel, John Nelson.

**The Calendar**

The following cases appear on the calendar for disposition during the present term of court:

## New Hotel Company Gets Liquor Permit

Hana To Have No More Retail Saloon—Opposition To Pauwela Wholesale—16 Licenses Granted

One license less than at present, is the net result of the meeting of the board of license commissioners for Maui, held on Monday of this week. After July 1 there will be 16 places for the authorized sale of liquor instead of 17. There will be no retail saloons in the Hana district, Ah Ping not having applied for a license at Kipahulu, and L. Y. Aiona's application for renewal of his Hana saloon license being refused. The third of the district, however, will be assigned through one wholesale liquor establishment, a license for which was granted to J. A. Medeiros.

In the town of Wailuku an additional license was granted, this being to the Grand Hotel Company, which is shortly to build at Main and Church streets. An application for a first class saloon license by Antonio Garcia was refused. In all other districts licenses were granted as they exist at present.

**Hana And Kuiaha Protest.**

Strong petitions of protest came before the board from Hana and the Kuiaha-Maiku-Pauwela districts against the issuing of licenses. The chief opposition in Hana was to the present retail saloon. A petition signed by some 50 names protested against any form of license, as did a letter from John Chalmers, manager of the Kaeleku Sugar Company, and letters from a number of other persons.

A petition signed by about 60 home-owners and others of the Kuiaha section, opposed the granting of a new license to the Kaupakalua Wine and Liquor Company for its wholesale store at Pauwela, while a petition of about the same length was for H. F. G. Krauss appeared in person and spoke strongly against the issuance.

R. A. Wadsworth, representing the company, urged the granting of the license on the grounds that without the Pauwela store as an outlet for the winery, that institution must be forced out of business, and that such an event would be a heavy blow to some two or three hundred Portuguese small farmers of the Kaupakalua district who own stock in the wine company, and depend upon it for the utilization of their grape crop, their chief means of livelihood.

In Wailuku, A. Pombu, proprietor of the Aloha saloon on Market street, narrowly missed losing his license when a motion to refuse his application and grant that of Antonio Garcia was voted upon. D. H. Case and C. D. Lufkin supported the motion, while D. C. Lindsay and W. F. Kane opposed.

The deciding vote by Chairman T. B. Lyons was against the motion.

The Grand Hotel Company was authorized to open a bar in temporary quarters pending the completion of its hotel building.

L. R. Mathews, of the Alexander House Settlement, made a verbal protest against granting any liquor licenses in the town of Wailuku. No protests were made against granting any of the applications except those already noted.

## Maui County Fair To Have Baby Show

Committee Decides Upon This Feature—Alexandre House Settlement May Handle It

A baby show is to be a feature of the Maui County Fair, to be held in Wailuku November 30, December 3-4. This was decided upon at the meeting of the executive committee held on Tuesday night. Just how the show is to be handled was not decided, nor was a committee appointed to take charge of the feature. It was suggested, however, that the Alexandre House Settlement would be the proper institution to handle it, and between now and the time of the next meeting something definite will be learned in this respect.

**Manufacturers Want Space**

The reports of the various committees indicate that most of the departments are going to be fully up to what had been expected of them, for the reason that popular interest is very keen on the matter of the fair. One interesting report was made by Wm. Searby who has charge of the agricultural machinery division. It is probable, said Mr. Searby, that several firms will bring gasoline tractors to the fair, and the agents have asked for from 5 to 10 acres of land on which to demonstrate the capacity of their machines for plowing.

Other kinds of farm machinery will be displayed, it was stated, as well as a number of modern lighting plants for country places.

## Big Preparations For Carnival At Ball Park

Booths are now going up rapidly at the baseball grounds for the grand carnival of fun to be had Monday, July 3rd, and Tuesday, July 4th. The dance pavilion is already in place and the "House of Fun" already has its stage up. A surprise is in store for those fortunate enough to be in Wailuku on Monday July 3rd, as it has been whispered that a grand parade of antiques and horrors will precede the opening of the carnival.

Chairman J. Garcia, of the general committee, returned from Honolulu this week, and made arrangements for this feature. It has also been said that Professor Zaccapita direct from Egypt has been engaged for the occasion. This gentleman is a most wonderful fortune teller, and bears the very highest of recommendations from royalty of Europe, Asia and Africa. Professor Zaccapita will probably arrive one day before the big show opens, and now the committee is planning a most extravagant booth in which to house him.

### SNEAK THIEF GETS SIX MONTHS

William Kai, a young Hawaiian vagrant, who has been hanging about town for several weeks, was sentenced this morning to 6 months in jail for the larceny of a suit case and suit of clothes belonging to Solomon Maalea. The property was taken from the Queen lodging house, and was afterwards located in Kai's possession.

The police believe that Kai is guilty also of robbing the home of Vette A. Vettesen of a lot of edibles and other property, recently, and of a number of other similar instances of snick-thievery. The young fellow is said to hail from Hilo, and to bear a generally unsavory reputation.

### MR. AND MRS. SEARBY ENTERTAIN

The beach home of Mr. and Mrs. William Searby was the scene of a pretty dance last Saturday night, the guest of honor being Mr. Robert Hughes. His close bachelor friends had been bidden to the festivities, and each of them was asked to invite a young lady. During the evening, a number of married couples dropped in and about forty participated in a very happy evening, indulging in dancing. Refreshments were served during the evening and before the guests departed, they gathered in a merry circle to sing "Wedding Bells are Ringing" and "It's a Jolly Good Fellow", varying the last refrain so as to include both Miss Walker and Mr. Hughes.

## Plantation Managers To Try Steer Roping

There will be some class to the amateur steer roping contest at the Kahului race track on July 4. Thus far the list of entries contains the names of two plantation managers, a ranch manager, and a head lina. They are—Frank F. Baldwin, manager of the H. C. & S. Company; H. B. Penhallow, manager of the Wailuku Sugar Company; S. A. Baldwin, of the Haleakala Ranch; and George Wilbur of the Wailuku Sugar Company.

Angus McPhee is authority for the statement that all four of these men are confident of their prowess with the lasso, and are going after the \$150 cup now on display in the Punene Store window, in earnest. There may be more entries, says McPhee, but these are sure. The only difference in the conditions under which these amateur cowboys will contest is that they will not be required to tie their steer, but simply to rope him and bring him to post.

## Tenders For New Hotel Soon To Be Called For

With the granting of a bar privilege by the liquor license board on Monday, to the Grand Hotel Company, all doubt that the hotel is to become a reality vanishes, according to statements made by directors of the new enterprise. A meeting of the officers of the corporation has been called for the purpose of taking steps for calling for tenders for the construction of the new hotel structure, and the contract will be awarded as soon as possible. The company has secured a lease on the lot marked of the Lyons property which will also be used in connection with the hotel.

As soon as the contract for the building is awarded, A. E. de Souza, who will be manager of the hotel, will leave for the coast for the purpose of purchasing the necessary equipment. He also hopes to do some advertising for Maui and incidentally make some arrangements for tourist connections with mainland bureaus and hotels.

### HOLY GHOST FEAST AT PAIA DRAWS BIG CROWD

A crowd estimated at at least 1500 persons attended the Holy Ghost feast at the Paia Catholic Church last Saturday evening, and an equally large gathering again on Sunday morning. People came from all parts of Maui, and the affair was a most pleasant social as well as financial success. In spite of the fact that a thousand or more were fed at the free luau, the receipts from various sources amounted to about \$575.

Much of the credit for the success of the entertainment is due to the hard work of the committee composed of Manuel Nunes, Jr., chairman, J. M. Ferreira, vice-chairman, John M. Medeiros, secretary-treasurer; C. S. Capellas, and J. F. Souza. Mrs. James Shaw, who had principal direction of preparing the luau was highly congratulated on her success with this feature.
